Overview

HEIMS Online provides a centralised access point for higher education and VET providers to view their own data reported to the Higher Education Information Management System (HEIMS).

HEIMS Online enables providers to directly access:

- Data submission reports
- HEIMS Data View Records, Data View, General Reports and Data Request
- Formal verification reports
- View student entitlement information
- View students invalidated HELP debts

Purpose

The purpose of this document is to assist higher education and VET providers to formally verify their data using the Verification Reports on HEIMS Online. The Verification process formally confirms the accuracy of data reported to HEIMS in all submissions over the reporting year/half year period.

Data verification is the final stage in completing the reporting requirements under the [Higher Education Support ACT 2003 \(HESA\)](#) for Higher Education and Vocational Education and Training provider's data collections.

- HEIMS verifications reports display "static" data i.e. data which has been fixed at a particular point in time for purposes such as funding, statistics and publications, including the data published on uCube.
- This reporting requirement is exempt for providers who have not reported any data to HEIMS for the specified timeframes.

This contrasts with the *HEIMS Data View reports and records*, which display "live" or active data i.e. the most recent data reported and successfully stored in HEIMS. This includes all revisions to data. The [HEIMS Online Data View user guide](#) provides detailed information on the HEIMS Data View reports and records in HEIMS Online.

A list of the reports that must be verified and information about how to interpret them can be found in the [Checking and verifying your data toolkit](#).

Timing

Verification of higher education student data occurs twice a year.

- Verification of first half year data commences in September
- Verification of full year data commences in April of the following year

Verification of higher education completions data occurs once a year in April.

Verification of higher education staff data occurs once a year, commencing in July.

Table 1 outlines the timeframes for the different higher education collections.

Table 1 – Timeframes for higher education verification

Verification	Provider type	Completion date
First half year student verification (last submission 31 August)	Higher education	15 September - 15 October
Full year student (last submission 31 March)	Higher education	15 April - 15 May
Student Completions (Annual submission 30 April)	Higher education	1 May - 15 May
Staff (Annual submission 30 June)	Table A & B providers	15 July - 15 August

Note: VET providers should refer to HEIMSHelp for the latest verification timeframes.

All reporting requirements and deadlines can be accessed from the Overview pages for each data collection:

- [Higher Education Student Data Collection](#)
- [Higher Education Staff Data Collection](#)
- The [University Applications and Offers Data Collection](#) is not included in the formal verification process.

Access to HEIMS Online

If you do not already have access to [HEIMS Online](#) as an authorised user you must submit a completed [Access to HEIMS applications](#) form.

Accessing the verification reports

- 1 Enter your user ID and password on the HEIMS Online home page (Figure 1)

Figure 1 – HEIMS Online home page

The screenshot shows the HEIMS Online home page. At the top left is the Australian Government logo and the text 'Australian Government Department of Education and Training'. On the left side, there are three buttons: 'Login', 'Register', and 'Institution Payment Information'. The main content area is titled 'Login to HEIMS Online' and contains two input fields: '* Enter your login ID:' and '* Enter your password:'. Below these fields is a 'Login' button and a link with a question mark icon that says 'Help! I've forgotten my password'.

- 2 Select the Data Verification tab from HEIMS Online (Figure 2).

Figure 2 – Data Verification reports available from HEIMS Online

The screenshot shows the HEIMS Online portal. At the top left, there is a breadcrumb trail: 'You are here: [HEIMS Online](#) > HEIMS Online'. Below this is a navigation menu with several buttons: 'HEIMS Online', 'My account', 'Logout', 'Institution Payment Information', 'Reports', 'Heims Data View', and 'Data Verification'. The 'Data Verification' button is highlighted with a blue border. To the right of the navigation menu is a main content area titled 'Welcome to the HEIMS Online Portal' with the following text: 'The HEIMS Online portal - "HEIMS Online" - is your one stop entry point to all HEIMS web sites and applications. From HEIMS Online, you access all your HEIMS applications. You can also access HEIMS Help and view reports and publications.' At the bottom right of the page, there are links for 'copyright' and 'disclaimer'.

- 3 Select the Year – this is the year for which the reports are available (Figure 3).
- 4 Select a Collection – this enables you to select the data to be verified for the current period - full year, half year data (for Higher Education or VET student data) or staff data (primarily Table A and B Higher Education Providers).
Note that only the options relevant to your provider will appear.

Figure 3 – Verification report options available from HEIMS Online

Verification Reports

The [HEIMSHelp](#) website provides detailed information on how and when to verify your data. This includes **HEIMS Online Verification User Guide**, information on the due dates for verification and other resources to help you understand this process

Important information about “Status”

The status indicates the progress of each verification report.

The status will be **Activated** when the department commences the verification process – you can now select **“Start Verification”**

The status will show **Verifying** after you have selected **“Start Verification”** – you can start checking your reports

The status of **Data Refreshing** appears after you have selected **“Refresh Reports”** – you only refresh your reports if you detected errors and made a revision. Reports are refreshed with new data overnight.

The **Signed Off** status appears after you have selected **“Sign Off”** – you must only sign off if you have checked your reports and confirmed that the data is accurate.

Year: 2014

Collection: < Select >

- < Select >
- HEP Student Full Year
- HEP Student Half Year
- VET Student Full Year
- VET Student Half Year

[Disclaimer](#) | [privacy](#) | [contact](#)

- 5 When you have selected a Collection a table will be available with the various Verification categories. This enables you to select a particular report grouping e.g. Student related, Scholarships etc. Once selected, all the relevant reports for that category will be displayed. Only options that are relevant to your provider and reporting year will appear – often there will only be one.
- 6 Select an Individual Report – this enables you open up the specific report that you have selected within your chosen category.

Details of the reports are available for each provider type in the [Verifying your data toolkit](#).

Verification reports by provider

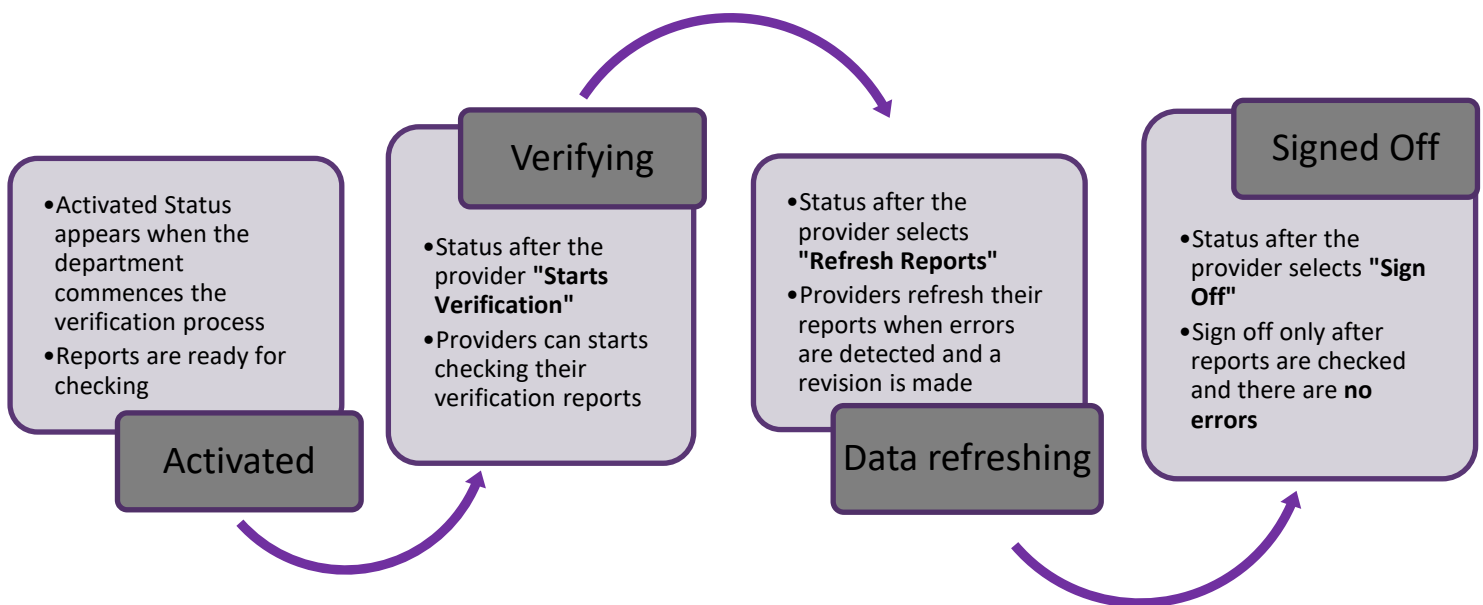

- [Reports for Table A and B Higher Education Providers](#)
- [Reports for Non University \(private\) Higher Education Providers](#)
- [Reports for VET Providers](#)

Overview of the Verification process

The “**Activated**” status appears when the department commences the formal verification process.

A snapshot of data is captured on the day of activation. Verification reports are now ready to check. (See Figure 4)

Figure 4 – Formal Verification process

To commence verification select “**Start Verification**”. The category will then be in the status of “**Verifying**”. When you select “**Start Verification**” the department knows that you have commenced verifying your data.

You only select “**Refresh Reports**” if you have made a revision after you started verification. The status of “**Data Refreshing**” will appear when you select “**Refresh Reports**”. You will only refresh your reports if you detect errors and you submit a revision. You can select refresh reports as soon as your revision has been accepted by HEIMS.

Reports refresh overnight. The next day the status should appear as “**Verifying**” again allowing you to re-check the report or reports that you need.

The last step is to sign off. Once you are confident that your reports are correct you can select “**Sign Off**”. Your status will then appear as “**Signed Off**”.

- You can only sign off after you tick the checkbox indicating that that data has been confirmed as accurate by this organisation.

The following is a description of the four actions and status with corresponding screen shots (Figures 5 and 6)

Status

The status table displays the progress of each of the reports in the current verification process.

Figure 5 – Verification statuses available from HEIMS Online

Verification Reports

The **HEIMSHelp** website provides detailed information on how and when to verify your data. This includes **HEIMS Online Verification User Guide**, information on the due dates for verification and other resources to help you understand this process

Important information about "Status"

The status indicates the progress of each verification report.

The status will be **Activated** when the department commences the verification process – you can now select **"Start Verification"**

The status will show **Verifying** after you have selected **"Start Verification"** – you can start checking your reports

The status of **Data Refreshing** appears after you have selected **"Refresh Reports"** – you only refresh your reports if you detected errors and made a revision. Reports are refreshed with new data overnight.

The **Signed Off** status appears after you have selected **"Sign Off"** – you must only sign off if you have checked your reports and confirmed that the data is accurate.

Year: 2013

Collection: HEP Student Full Year

Verification	Status	Start Verification	Refresh Reports	Confirmed as accurate by this organisation	Sign Off
Student	Activated	Start Verification	Refresh Reports	<input type="checkbox"/>	Sign Off
OS HELP	Activated	Start Verification	Refresh Reports	<input type="checkbox"/>	Sign Off
Commonwealth Scholarship	Activated	Start Verification	Refresh Reports	<input type="checkbox"/>	Sign Off
Award Course Completions	Activated	Start Verification	Refresh Reports	<input type="checkbox"/>	Sign Off

The statuses are:

- **Activated:** The department has activated the reports and they are ready for your verification. Once you select **"Start Verification"** for any report the verification process has started and the status will be updated to Verifying.
- **Verifying:** Verification is currently in progress. The verification process has been activated and the reports ready to be assessed. If updates are required, you will need to refresh the report by selecting **"Refresh Reports"** to ensure the changes loaded to HEIMS are reflected in the report. If unsure of how to make required updates, they can be coordinated through the department.
- **Data refreshing:** Data is being updated overnight with latest data in HEIMS. This has frozen the verification report as it is being refreshed with the latest data from HEIMS.

- Signed off: Data has been confirmed as accurate and is now final. This has **frozen** the report. If a report has been signed off when it shouldn't have, or additional data has been reported that needs to be reflected in the verification report, please contact the department.

Actions

Figure 6 – Action buttons available from HEIMS Online

Verification	Status	Start Verification	Refresh Reports	Confirmed as accurate by this organisation	Sign Off
Student	Activated	Start Verification	Refresh Reports	<input type="checkbox"/>	Sign Off
OS HELP	Activated	Start Verification	Refresh Reports	<input type="checkbox"/>	Sign Off
Commonwealth Scholarship	Activated	Start Verification	Refresh Reports	<input type="checkbox"/>	Sign Off
Award Course Completions	Activated	Start Verification	Refresh Reports	<input type="checkbox"/>	Sign Off

The actions are:

- **Start Verification:** Click on the **“Start Verification”** button to initiate the verification process. The verification reports will be populated with the data reported to HEIMS. The information in the reports will remain static.
- **Refresh Reports:** Click on the **“Refresh Reports”** button to refresh your reports with any new data or revisions to existing data that have been loaded into HEIMS since selecting “Start Verification”.

This is an overnight process. The options to Start Verification or Sign Off will again become available the following day, once the reports have been refreshed.

NOTE: The [revision guides](#) on HEIMSHelp explain how data in each submission can be revised if required.

- **Sign off:** once you have ticked the checkbox, you can click on the **“Sign Off”** button to confirm that the data in the verification reports accurately represents the data for your institution and is correctly recorded in HEIMS.

Once you click **“Sign Off”**, an automated message is generated to confirm you have finalised your data. This data will now be used as your final data for funding and publication purposes.

You can continue to view the signed off reports until verification commences for the next year or half year period. However, no further updates can be made to these reports.

Report functionality

Report Component filter

- Most reports have “**Report Component**” options that are located at the top of the report. However, there are some that do not have any filters available.
- When available, enter your filter options as desired. Once this has been done, click the “**View Report**” button and the updated report will be displayed.
- To change your filter, re-enter your options and click the “**View Report**” button.

Navigation

- To navigate through report pages, select the page arrows to first, next, previous and last page of report, or simply jump to a page by entering the page number in the text box.

Find

- To search within a report, enter search criteria in text box provided.
- Select “**Find**” to locate the first occurrence of the searched criteria.
- Select “**Next**” to locate the next occurrence of the searched criteria.
- **NOTE:** The found text may be on a different page from where you were originally located.

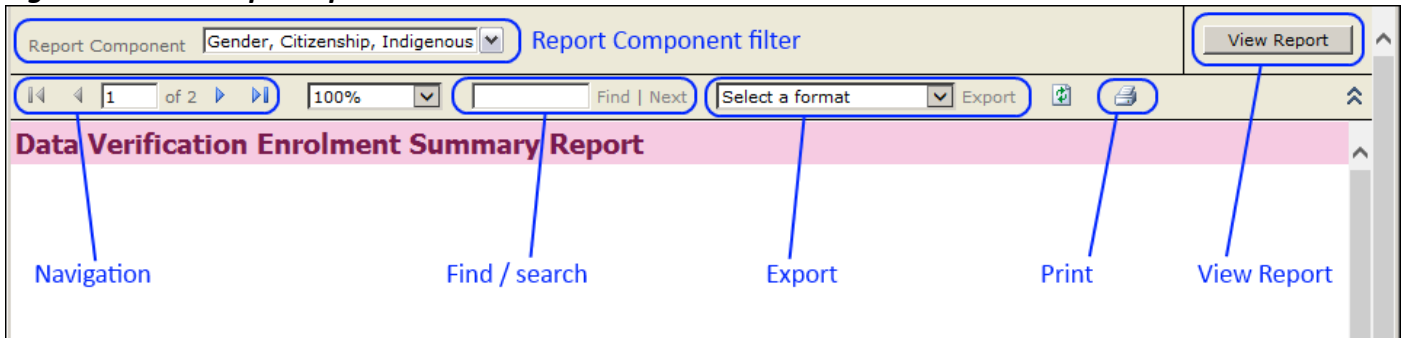

Export

- To export the report, first choose a format via the “**Select a format**” drop down box. Formats available include the following:
 - Excel
 - TIFF file
 - Word
 - Acrobat (PDF) file
 - XML file with report data (Not supported)
 - CSV (comma delimited) (Not supported)
 - MHTML (web archive) (Not supported)
- Click on the “**Export**” text to start the export process in the previously selected format.
- Open or Save the report as required.

Print

- Click on the **“Print”** icon to open a standard printing dialogue box.
- Click on the **“Preview”** button to print preview your report.
- Click on the **“OK”** button to print report to selected printer.
- Click on the **“Cancel”** button to return to the report window.

Figure 7 – View Report options

Variation Status

The variation statuses compare data for the selected year with data reported for the previous year. Where there is a significant variation, the system automatically highlights the differences - as these variations may be an indicator of incorrectly reported data or issues that require further investigation.

Figure 8 – Variation status flags

	All						Commencing					
	2014				2013		2014				2013	
	Student	Student %	Student % Change	Variation Status	Student	Student %	Student	Student %	Student % Change	Variation Status	Student	Student %
Doctorate by research	2,715	12.12%	0.33%	Low	2,706	12.93%	489	5.01%	-4.12%	Low	510	5.87%
